Welcome to BMAS

Welcome to BMAS

Do you miss the comfort and relaxation of soaking in a hot bath or the pleasure of a refreshing shower?

BMAS is a family run company specialising in walk-in baths, walk-in showers and wet rooms. BMAS will ensure all our customers enjoy the pleasure of bathing and showering in safety.

Using our seven years experience, and by carefully listening, helping and advising you to select the bathing solution that's right for you, our team of expert tradesmen are equipped to install your walk-in bath, walk-in shower or wet room to the highest possible standard, giving you lasting quality for years to come.

BMAS can advise on the walk

Whatever you choose from our wide and bespoke range, installation is hassle free. In most cases we use the space of your old bath, which gives you a large area to shower in safety. At BMAS all our showers come with a slip resistant tray.

With a large selection of colours and designs, we can match your shower in with the existing bathroom or if you wish, we can complete the whole bathroom.

Let us put the enjoyment back into showering!

Walk-in shower that is right for you

All shower trays are slip resistant and are plumbed or pumped to avoid build up of water at your feet

Completed bathroom with low level access walk in shower and toughened safety glass

BMAS offer a deluxe range of shower seats and chairs helping to maintain freedom & independence

All BMAS showers have easy to use controls and are thermostatically regulated for safe water temperature

Level access is ideal for wheelchair users. In most cases low level access proves to be the answer

BMAS's range of grab rails help to aid safety and independence whilst showering

Our considerable experience means that everything is positioned and installed correctly.

‘They said I would never
...I said I would

Walk-in baths give safe comfortable bathing,
but it's the little things that make the
difference and BMAS takes care of them all.

Accessories like mixer lever taps,
thermostatically controlled water flow,
grab rails, a non-slip base, showerhead
attachments, hydrotherapy spas and
a pump to increase the flow rate are
just some of the features you'll expect
to find on a BMAS bath.

Shown is a small selection from a
very wide and extensive range.

er enjoy a bath again... d talk to BMAS'

A wet floor shower from BMAS access and ensure sh

At BMAS we make sure all our wet rooms are slip resistant. From non-slip vinyls to beautiful non-slip graded floor tiles, we will ensure it will suit your needs and desires. Space is no problem.

There is a wide range of features available to help shower in safety.

Whatever you choose from our extensive range, installation is hassle free.

You can depend on our experience and expertise.

will create the ultimate in easy owering in total safety

Our considerable experience means that everything
is positioned and installed correctly.

Many satisfied customers

"The team were absolutely fantastic. The installation manager was there every day. Any questions we had were answered quickly and professionally. For anyone looking to install a bathroom we would recommend you to anyone!"

Mr and Mrs Robertson, Edinburgh

"Everything happened exactly on time as scheduled! No delays, no hiccups and that's a huge thing for us as we're busy people! The shower is superb and will make a huge difference!"

Mr and Mrs Henderson, Loanhead

"I'm delighted with my new bathroom. From start to finish BMAS provided service with the personal touch and great detail was paid to my particular needs and requirements. Everyone was very nice and I must say that showering is a great pleasure!"

Mrs McGonigal, North Berwick

"Transforming our shower-room into a Walk-In Bath and Shower-room seemed work of gigantic proportions to me, but you just proved me wrong. We are now enjoying and finding the benefit of our new Hydrotherapy bath. This is just a note to tell you how pleased we were also, with your efficiency and your attention to detail. Quite outstanding."

Mrs Hay, Glenrothes

"This is a brief note to express how pleased my wife and I are with our new bathroom and your organisation. We are amazed at the transformation and how you have been able to plan and utilise the space. The work was done within one week, as promised, with excellent, professional and efficient staff. I appreciated this as I am recovering from a stroke. The Walk-In Bath and shower has proved to be most useful to my wife and I."

John C McGregor, Glasgow

1. Free consultation

It is really important to get the right advice BEFORE any work is carried out. This can save you money and above all ensures you can shower or bath safely. We listen to your needs and concerns.

2. Free Design and costing

We design a solution for you that ensures you can enjoy bathing and you are safe. Also it fits the budget you have set aside for this important installation.

3. Pre fit survey

Before we begin we make absolutely sure all the materials and team are ready to play their part in your installation. Making sure it is a thorough yet speedy process.

4. Installation

Once we start we do not leave your bathroom until we are finished. A typical installation takes 3 to 4 days. The installation is overseen by our installation manager daily.

5. Final inspection

Finally our installation manager will look over the installation with you. The final balance is not requested until you are totally satisfied with the installation.
